

OPUSLINE IS NOW PART OF ACCENTURE

Uncategorized - 1 December 2020

We are pleased to inform you that OpusLine and Accenture have finalized the acquisition process announced on October 27th.

OpusLine is now officially part of Accenture!

In 2012, we created OpusLine with the ambition to leave our mark on the health and life insurance sector. To take up this challenge, we have shed light on the changes underway, driven dynamics and successfully enabled innovations in the healthcare system.

A successful route thanks to our great team and to the trust and loyalty of our clients : health insurers, life science and medtech, public health, healthcare providers, private equity.

We chose to join Accenture to couple our expertise and to offer the best to our clients, so that together we can open new paths for the healthcare system. »

"We are particularly excited to be able to leverage Accenture's expertise to deliver a better patient and client experience and ensure we stay at the forefront of innovation in the health sector. We are confident that, together, we will make OpusLine part of Accenture a great success," Alix Pradère said.
